The Tranquil Heart Essential Oil Seminar was fantastic!!! I highly recommend this program to everyone!! This important class allows time to experience and experiment with various tools and helped pull things together for me. We did a lot of "playing" with new techniques and had a blast putting it to action. There were many life-changing experiences that we as a group witnessed, as well as in our practice sessions. I believe it is beneficial for us to learn more about what's possible and this seminar provided that platform. I'm looking forward to continuing the work.

~ Celeste Buie, CCI, Canton, Michigan

The Tranquil Heart Essential Oil Seminars are great programs for those who want to expand their practice into an area to really have an impact on the root of many diseases - unresolved emotions.

~ Teena Johnson, Dallas, Texas

About Kathy

"Applied Aromatic Science captured my attention 15 years ago as I observed consistent, tangible results in my own life while using Young Living Essential Oils. It became my inspiration to question and explore possibilities that address conditions through the connections of the mind, body, and spirit."

Kathy holds multiple certificates from hands-on trainings with D. Gary Young and has extensive experience in implementing these healing techniques in private sessions. From 2002-2012 Kathy was an active C.A.R.E. Instructor.

"As I instructed workshops, participants from across the country often expressed much interest in my instructing a course focused on the Emotional Connections. "Tranquil Heart Essential Oil Seminars" were created in response to these requests. My passion is empowering others by passing along this knowledge and these skills through facilitating, teaching, and mentoring."

What Others Say About Tranquil Heart EO Seminars

Linda and I have just returned from a truly outstanding training, under the most excellent tutelage of Kathy Spohn. Her depth of knowledge, keen insight, vast experience and God-given anointing for this work, plus her ability to clearly transmit that to her students will greatly empower the serious learner to carry this healing work to a very high level. Wow!!! To have gained a much greater understanding of the whys and wherefores of the emotional connections process and to be able now to incorporate all the additional tools we received along with the wisdom and discernment Kathy imparted to us distilled from her many years of daily work in this area, now that is awesome! We STRONGLY encourage everyone to attend one of Kathy's future "T.H.E.O.S." as they become available. Those of us who participated in this seminar all agreed that it was powerful and a great privilege to participate in. We know this class has given us the abilities to see a much greater multitude of individuals set free, and that is exciting! Thank you Kathy!

~ Bruce & Linda Dietler, Whitewater, Kansas

Thanks again for an incredible, life changing week of training. This Tranquil Heart Essential Oil Seminar had a profound transforming impact on me that I will be able to immediately put to work to help facilitate wholeness and healing of even the most difficult cases. Thank you for helping me to understand the nuances of the emotional connections. Understanding the signs and symbols in the physical and emotional body allows us to directly support a client as they unravel their own personal story line and heal the body and mind at the deepest levels. Driving home all I could think was that I felt I had gone through an initiation. Instead of being intimidated, I am now excited about doing this work with others. I am so excited to be able to extend a loving and healing hand to my family and my community. Vacation was great, but T.H.E.O.S. was even better! Thank you.
